Apollo 12 returned to Earth exactly on schedule at 3:58 p.m. (EST) on Nov. 24 and splashed down near Pago Pago in the South Pacific only 3.1 miles from the recovery ship. Helicopter lowers Pugh Bell to pick up astronauts in raft (left of Yankee Clipper) for transport to USS Hornet. Astronauts are (top to bottom) Charles (Pete) Conrad, Richard Gordon and Alan Bean, all Navy Commanders who later were promoted to the rank of Captain by President Richard Nixon.

Astronaut Conrad carries Apollo Lunar Surface Experiment Package (ALSEP) to position for deployment. Equipment will relay back to Earth scientific measurements of Moon's physical and environmental properties to Manned Space Flight Network for at least a year.

Astronaut Bean works on Moon's surface between the lunar module Intrepid and S-Band antenna. Conrad and Bean spent 31.5 hours gathering geologic samples, conducting experiments and inspecting a Surveyor III spacecraft which landed on the Moon April 20, 1967.

Astronaut unfurls the Stars and Stripes in Ocean of Storms Nov. 19. It is the second American flag to be positioned on the Moon. The first was placed by Apollo 11 in the Sea of Tranquility some 400 miles West of Apollo 12's position. Lunar mission was launched from Kennedy Space Center on Nov. 14 exactly on schedule at 11:21 a.m. (EST) during a heavy rainstorm.

Post Yule Mail Early Plea Of Postmasters

SOUTHWEST -- Postmasters of area communities join in urging people who intend to send Christmas parcels or cards to mail them early.

On the day after Christmas, they say, a post office is a most depressing place if it still contains messages of love and cheer that didn't make it because they were mailed too late.

Gift parcels going to distant states should be in the mail this week. If directed to nearby areas, the postmasters say, they should be mailed not later than Dec. 13.

Greeting cards going to distant states should be mailed not later than Dec. 10 those going on shorter journeys should still be in the mail by Dec. 15, postmasters advise.

They make these suggestions:

Put return addresses on all mail.

Name and address of both sender and addressee should be enclosed in each gift parcel in case the outside address label is so damaged it cannot be read. The outside label should be placed on only one side of the box.

Zip codes should be used, if possible.

Pick 60 Acres For High School

LOCKPORT -- Tom Wilson, District 205 board member, made a motion at the special board meeting held Wednesday, Nov. 26, to allow the administration to purchase an option on 60 acres of land in Bolingbrook as the site for the district's fourth high school. The motion was seconded by Steve Platko, and unanimously approved by the board.

The district has been negotiating with Mrs. Hulda Erickson, owner of the property, which is located on Briarcliff Road, about two blocks west of Illinois 53. The cost of the property will probably be \$318,000 or \$5,300 an

acre.

Harold Scholle, superintendent, said the district will give Mrs. Erickson \$7,500 for an option to purchase the property, with the option money to be included in the final price. He further stated that the price of the land compares favorably with other properties in the northern section of the district. It's size is comparable to East High School.

The land has an interest-

ing historical background. It is on the old mail route, flown between Chicago and St. Louis by Charles Lindbergh. A structure remains, called the "Beacon House," which formerly housed the generators that provided light for one of the 11-mile markers to guide Lindbergh.

The district plans to build a school on the site, which will house 1,100 students. The proposed school, which will cost about \$3.5 million,

would be completed by June of 1972.

Scholle said that the funds to finance the land purchase and for the construction of the school must be approved by the district voters in the Dec. 16 referendum. Voters will be asked to approve \$7.9 million for the building fund and a 52 cent increase in the educational tax rate.

In addition to providing an additional school in the Bolingbrook area, the building fund increase would also

provide funds to build additions to Lockport East and Lockport West.

The district plans to exercise its option on the land immediately following voter approval. Payment for the property would be over a three-year period. Mrs. Erickson would be paid \$100,720 the first year, \$93,220 the second year and \$124,060 the third year.

Should the referendum fail, the district still plans to find some way to purchase the property. Tom Wilson told The Southwest Graphic Saturday morning that he feels, "We must have land in that area, to accommodate the growth in student population. We won't get a second chance."

I-1 Site On U.S. 45 Gets OK

MOKENA -- The Will County zoning board of appeals has approved the request of Henry E. Langland to reclassify 20 acres of his land fronting on U.S. 45, north of LaPorte Rd., from farm to light industry.

The Normal Company, of Chicago, plumbing contractors, will purchase the property, it was said, if it is re-zoned. The firm proposes to establish its headquarters there and have plans for an office building as well as buildings to house equipment and material, and is prepared to spend a large sum of money on the improvements. It was reported that the figure would be around the million dollar mark.

Any substantial increase in the assessed valuation, it was pointed out, would be beneficial to the school district and the householders of Arbury Hills who are practically its sole support.

The action of the appeals board must be reviewed by the county board of supervisors before it is final so it probably will be several weeks before a decision is made.

The tract involved is on the west side of U.S. 45, across the street from the last eight houses in Arbury Hills. The backs of the houses face U.S. 45, it was said.

MRS. MAVIS E. DeANGELIS has been promoted to community relations representative with Illinois Bell Telephone Co. Mrs. DeAngelis will visit schools throughout the greater Joliet - Lockport - Morris area to teach students good telephone usage and to keep teachers abreast of the latest classroom science materials from Bell Telephone Laboratories. She joined Illinois Bell in January, 1965, as a stenographer with its Joliet business office. In December, 1966, she was named clerk with the company's Division Commercial office and was promoted to supervisor with its Joliet Centralized Mail Remittance Office last June.

SHARON KROGH, Silver Cross Hospital blood bank technologist, has received a \$250 grant to attend a workshop on blood banking techniques. All area hospitals are members of the Cooperative Blood Replacement Plan, which awarded the grant. The cooperative plan is open to individuals and families. Members receive blood when needed.

Trustees Vote To Annex

By LOUISE SCHALLER

ROMEOVILLE -- Romeo trustees annexed twenty-one acres of land at a recent meeting. Request for the proceedings came from Anthony and Fern Fracaro. Location of the property is High Road and 135th Street, on the northeast corner.

Trustees entered a brief executive session to discuss land acquisition. No announcements were made.

No response has been received from nearby communities in regard to courtroom charges.

A letter from a local food store requesting a liquor permit was read. Printed forms for this purpose are to be prepared.

Homeowners from south of 135th Street appeared and requested that the village assist them in their efforts to have their homes repaired. A specific request was made to halt the construction company from building any more homes.

Board members discussed the obligation to pay damages in an accident involving a volunteer fireman. Insurance payment was refused. Jerry Capps, Len Kolpacki, and John Veeninga voted yes; William Bessette voted no; Duane Rosendahl and Harry Betzel passed. Bessette said insurance should have been carried by the fireman. Decision on payment will be made at the next meeting.

SANTA, MRS. CLAUS, The Jolly Green Giant and the elves are all set to see you at St. Andrew's Annual C.C.W. Christmas Bazaar. Santa will arrive at 2 p.m., Dec. 6. The Bazaar will be open from 11 a.m. to 7 p.m. with everyone in the community cordially invited.

"Gleanings and Biographies," a publication of the society, received mention in state and national historical society publications. A few copies are still available and may be obtained by contacting the Will County Historical Society, 803 S. State St., Lockport; telephone 815-838-5080. Schools and libraries will be given priority.

Create Cop Post

By ED DECKER

LOCKPORT -- A combination post of juvenile and investigative officer was approved by the Lockport City Council at its regular Monday night meeting. A five to three vote gave the green light to officer "Whitey" Miller. He will be the first policeman to fill the new post.

Councilman Swen Nelson vigorously opposed the new post, arguing that the city does not have money to pay for an additional member of the police force.

Miller stated that much of the slack created by his being reassigned would be

taken up the three parttime officers now working. He indicated hiring a new man might not be necessary.

Mayor George Nordstrom was strongly in favor of the proposal and felt the money should be taken from the general fund this year and that the council should consider other sources of revenue for this added expense when the new budget is given consideration.

After the affirmative vote on this resolution, Nelson departed with apparent bitterness because his finance committee report on the expense was rejected.

In other business the council approved hiring Cecelia

M. James of Lemont as a parttime radio operator for the police department.

The council was notified of the water sanitary board's extension giving the city until March 1, 1970 to begin construction of a new sewage treatment plant.

The council also accepted a low bid of \$236 for the supply and installation of 12 fire extinguishers in the water department, city garage, and eight city vehicles.

Gene Korst, city attorney, was authorized to apply for an Order of Demolition of an Unsafe Building, described as the Gunderson property.

The council also approved

installation of street lights in the area of the detour at the east end of the bridge construction across the canal. The light will be temporary and may be changed upon completion of the bridge.

ROTC Offerings

SOUTHWEST - Male high school students who plan to enter college for the first time in the fall of 1970 may apply now for 1,200 four-year ROTC scholarships. The Scholarships are awarded annually on a competitive basis to outstanding high school graduates who are highly motivated toward a career in the active army.

New '45' Stretch Is Open

MOKENA -- U.S. 45 is open again between 159th St. and the Lincoln Highway, or to put it another way, between the fringe of Orland Park and the Village of Frankfort. It had been closed for months.

And -- keep your fingers crossed -- if good weather holds, the interchange between U.S. 45 and I-80 may be open in another week. The ramps for the interchange are complete except for the blacktopping of the shoulders.

Last Wednesday the state highway district engineer's office at Elgin (Dist. 1) which has charge of the work reported that if the temperature could hold above freezing for 10 days the shoulders could be finished.

The new segment of U.S. 45 has four lanes with a median curb arrangement from 179th St. to a point

approximately three blocks south of 191st St. and between there and U.S. 30 it will be resurfaced. The bids on that were taken a couple of weeks ago but the work will not be done until spring.

It is not likely that all of the concrete embellishments will be completed on the new stretch of highway until spring or summer, but that will not interfere with its use.

It would seem that even if the weather does not permit blacktopping the shoulders on the ramps of the cloverleaf, that stone shoulders could be put in so vehicles would have access and egress from I-80, is the thought of those who are eager to have the interchange opened. They contend that some type of shoulder could be laid that would serve traffic on the ramps as most ramp speeds are within the

35 mile range.

Mokena, Frankfort and Orland people who want to use I-80 now have to go to Tinley Park or New Lenox. Opening the interchange on U.S. 45 will save them considerable time, it was pointed out.

The cross-over on Rt. 45 at 179th St. is all complete but the one at 191st St., east of Mokena, was not finished last week. The concrete roadway on 191st had been poured, however, and it should be ready for use this week, probably today, according to working crews.

Last Wednesday they were laying the forms and preparing the ground for rounding out the corners for traffic turning north or south on Rt. 45 off 191st. The approaches slant upward to meet the surface of Rt. 45 and drivers crossing Rt. 45 are warned to stop and wait until the

way is clear before venturing to cross. U.S. 45 carries a lot of traffic at various times of the day and night and when the cloverleaf connecting it to I-80 is open this stretch will get even more travel. Therefore, carelessness in crossing at either 179th or 191st could be fatal, it was pointed out.

The 191st St. crossing, however, is wide open and drivers approaching U.S. 45 from the west or east have a good view of traffic. The engineers have removed a hazard at this crossing in eliminating the grade south of 191st. On the old road persons approaching U.S. 45 from either east or west could not see cars coming from the south until they had hit the top of the slope and were barreling down on the crossing.

People who drove over the newly opened U.S. 45 last week expressed their pleasure over the job. All agreed that it was excellent piece of work.

The new stretch of Rt. 45 runs west of the old road and goes over the Rock Island tracks rather than under them. This underpass was a source of considerable trouble to traffic in bad weather. It has been filled with snow some winters, thus effectively closing the highway, and sometimes heavy rains left the underpass filled with water, filled to a depth that it would have been over the top of a car.

A criticism voiced over I-80 is that in the New Lenox area, at least, no salt or cinders were spread on the ramps in the recent ice storm. Absence of such material, it was pointed out, could be quite hazardous to motorists either getting on the expressway or transferring from the ramp to U.S. 30. Similar complaints were heard concerning other interchanges.

Will Narrow Freeway Map

WILL COUNTY -- A public hearing is planned to discuss the location of the south half of a 35-mile section of the proposed Fox Valley Freeway in Will County. William Cellini, state public works director, has reported.

The hearing will be at 7:30 p.m. Thursday, Dec. 11, in the Plainfield High School, Plainfield, to consider that portion of the proposed freeway from Ogden ave. (Ill. 65) to relocated Ill. 53 between Lemont and Lockport.

Maps of this general area are now on display for public inspection in the city halls in Aurora, Lockport and Naperville and in the village halls at Romeoville and Plainfield.

The hearing, Cellini said, is to narrow the general freeway location from a four-to-five-mile area to approximately a one-half mile area.

Cellini said all interested persons are invited to participate in the hearings.

Send A Tape To Vietnam

SOUTHWEST -- "Voices from Home" messages will wing across the ocean to South Vietnam again this year, courtesy of the Red Cross. This is the tenth year the service has been offered to families of men and women in the armed forces who won't be home for Christmas.

Taping facilities will be available in the Will County regional Red Cross office, 222 N. Broadway, Joliet, beginning Nov. 24. Final date for making the tapes is Dec. 15, in order to get messages to southeast Asia in time for the holidays.

Anyone interested in sending a message may telephone the Red Cross at 815-723-3494 and set a time to record at his own convenience. As soon as the taping is completed, the message will be ready for mailing in a special container.

The tapes carry up to seven minutes of talking, playing or singing. Many families outline the conversation ahead of time and rehearse it in advance, or make up a script to guide them. Even the family dog or cat may take part if it will perform with a bark or purr on cue.

The tapes are also available to exchange students from other countries and to parents of U. S. exchange students who are spending a year abroad.

OPINION PAGE

Vote in Affirmative

Education is not a sometime thing as many are prone to imagine. It is a full time 24-hour a day process that begins at birth and ceases only upon the last heartbeat. To ingest the knowledge of the past, the technology of the present and the prognosis of things to come is a task of incomprehensible proportions.

Everyday of each month of every year the task becomes more and more complex. The ever-expanding mind of man presents our society with myriad programs needful of ever-better minds and disciplines. Few, if any, of these sometimes revolutionary ideas can be understood with yesterday's concepts in education. As our needs and hopes become more and more prolific; then so must our willingness to accept the responsibility of this progress.

Schools everywhere are undergoing change. Most of the change is for the better as we strive to cope with our burgeoning population. Our desire to understand our fellow human beings and extend ourselves requires sacrifice and effort never before asked of the people. To realize the magnificent potential of today's youth necessitates expenditures many feel are excessive and unessential. Proponents of more and better education point out the very real need for the increased financial outlay in direct relation to the increased educational requirements of today's world.

The impending referendum in the Lockport High School District is of prime importance to everyone. District 205 is confronted with a \$1.7 million deficiency for the 1969-70 school year.

The shortage is critical in that Lockport high schools face a virtual shutdown in March, 1970 unless funds are forthcoming. Defeat of the referendum on Dec. 16 would mean the District would have to sell script to meet its obligations. If this was to take place the taxpayer would pay the buyer of the script interest on the amount borrowed and would still have to repay the principle.

A successful referendum is the most desirable alternative. The taxpayer would still have to pay interest on the bonds sold, but it is a certainty that the interest rate would be less than that accrued under the sale of script. In addition, a sale of script would only meet the immediate demands of the district.

A "Yes" vote on the referendum would not only meet the 1969-70 obligations of the district, but would enable the district to construct additional facilities. If the high schools are to cope with a projected student increase of 480 youngsters for the 1970-71 school year then it is imperative for all of us to fulfill our obligation to those children.

The present tax rate for the educational fund will be increased 52-cents to \$1.44, if the referendum is passed. This is a small investment when considering the alternatives which would deprive Lockport High School students of the best education possible within the bounds of reason. The tax increase is reasonable and justified. Without the money to operate our schools we will all suffer the consequences of second class education for first class youngsters.

Let's Do Better

Lemont deserves a better performance than village trustee John Weber turned in Monday night a week ago.

Weber, acting as mayor pro tem in the absence of mayor John Kujawa, chaired a regular and a special meeting of the village trustees. The deficiency was in the special meeting, called to explain how assessments were computed for proposed street improvements in a small section of town.

It was a meeting of vital importance to the 27 landowners directly affected if the trustees decide to go ahead with the street improvements. Assessments against landowners, all apparently private individuals with no great assets other than the lots they own, range from \$240 for a few, through many in the \$450 and \$1,200 classes, to as high as \$3,600 in one case.

It is important to these people who will pay the bill to be satisfied that costs are being distributed fairly.

Anthony M. Fredericks, an attorney and certified public accountant, was the man who computed the proposed assessments. He came to the meeting to explain how persons with property fronting Pfeiffer and Warner avenues and those with nearby property would be assessed according to footage and direct and indirect benefits.

Fredericks didn't get an explanation across to the irate property owners because Weber failed to control the meeting. Property owners, understandably unhappy, were allowed to speak out of turn. Fredericks was left to field the questions.

Weber appeared mildly amused as tempers in the audience increased to a near-breaking point in the 45 minute confrontation. No attempt was made by Weber to direct discussion so that the purpose of the meeting was achieved.

The mayor pro tem patted his hand quietly on the table as two men came close to having it out in the meeting room.

The meeting was hurriedly recessed until Jan. 12 after Weber consulted a wall calendar.

Lemont, its citizens and visitors, deserve better than this. Strong leadership is in order.

"This looks like a foundry clinker; here's a fossilized liver segment full of pesticides, and these are crystallized hydrocarbons from combustion of petroleum derivatives, with a layer of sulphur dioxide from soft coal smoke. No Overnight Job

In some ways, the U.S. is like a convalescent patient recuperating from a long illness. We have lived with the wasting disease of inflation for more than a generation -- a disease that was caused by the drug of deficit government spending. There is only one way the disease can be cured and that is by bringing government spending back into line with its tax income.

Measures adopted in recent months to reestablish financial responsibility in the affairs of government have been too slow to take effect in the view of many of the same people who have over the years encouraged inflationary government spending.

These people now advocate virtual wartime, dictatorial economic controls over

wages, prices and profits. There are proposals also for a law to establish voluntary wage-price guidelines.

The Administration has steadily opposed controls. As for guidelines, the chairman of the Council of Economic Advisers, in expressing opposition to them, said that the Administration's policies are winning the battle against inflation. In his opinion, guidelines are unlikely to work, and our efforts should center on the essential task of restoring an economic climate which is compatible with price stability.

By economic climate, he could mean but one thing: a government that once again recognizes the importance of living within its financial means and is dedicated to preserving the value of the dollar -- no overnight job.

A FORUM ABOUT MATURE WOMEN

Widow of Alcoholic

Dear Miss Brookfield:

I read the letter from the Chicago woman married to an alcoholic. I am 61, and when I married 12 years ago I had savings and hopes for a bright future. Now I am broke and widowed. I have heard that a person's true character is revealed under the influence of alcohol. My husband could be the essence of charm when he chose to be, but three-fourths of the time he was mean and overbearing. The 12 years I spent with him were a nightmare. I don't know what compels a woman to stay with an alcoholic husband -- they don't change. I completely lost my respect for my late husband. Like other alcoholics, his work habits were disorganized. He would start jobs but never finish them. I say, shame on states that legalize alcohol for the revenue it brings. Don't they realize that it also brings the need for more police protection, more institutions, more hospitals?

Widow from Missouri

Dear Reader:

True, the impact of alcoholism radiates far beyond the individual and the family involved, for alcoholism creates problems for the police, courts, health institutions, business, industry and government. But, at the risk of sounding cynical, let me say that prohibition is not the answer. If there is a demand for something, someone will produce it. During prohibition we had bootleg whiskey, bathtub gin and speakeasies.

Because of the serious family, marital, medical, social and economic consequences of alcoholism, many government agencies and organizations are studying the causes of heavy drinking. With estimates placing the number of alcoholics in the U.S. at somewhere be-

tween four and nine million, this is a complex problem. The solution isn't easy. Alcoholism stems from many causes, including attitudes toward hard liquor in the home and society itself, along with the different kinds of personality disturbances associated with heavy drinkers. Many alcoholics do change. That is, they quit drinking. But those who are helped usually have only minor personality disorders and a strong motivation to solve their drinking problem.

Swollen Eyelids

Dear Miss Brookfield:

I am a woman of 50, plagued by the usual problems of these years. I try to ignore them, but lately I noticed that my eyelids are swollen. My eyes also tend to burn. Don't tell me to have my eyes checked. I did, and was told I only require reading glasses. What causes this -- polluted air? Age? It seems too trivial a problem to bother the doctor about.

L.M., Los Angeles

Dear L.M.:

If your eyes bother you, bother your doctor, by all means. One symptom of menopause is a swelling of the eyelids -- as well as burning, smarting and dryness of the eyes -- according to Dr. Joseph Rogers, writing in the New England Journal of Medicine. Your problem may also be due to other causes. But when you bring it to your doctor's attention, for either diagnosis or referral, be sure to tell him about what you describe as "the usual problems of these years." If these and the swollen eyelids are menopausal symptoms -- due to a deficiency of the female hormone, estrogen -- they can be relieved by estrogen replacement therapy.

Musical Program Is Dec. 7

LOCKPORT -- The Lockport Central-East High School vocal music department will present "The Splendor of Christmas," a program of Christmas music, at 3 p.m. Sunday, Dec. 7 in the Lockport Central High School auditorium.

Featured in the program will be the Choralaires, Trebleaires, Madrigal, and Girls' Sextet directed by Mrs. Marcia Darin. The program will include many familiar secular songs, religious songs, and some new Christmas numbers.

The program will conclude with the audience and the combined groups joining to sing Christmas carols. Admission is free.

Chorale Will Sing At Mokena

MOKENA -- "We Wish You the Merriest" is the theme of the Christmas Concert the Illinois Youth Chorale will present on Saturday, Dec. 6 at 8 p.m. in the Willowcrest gym for the Mokena Methodist Church.

The program will feature not only traditional carols sung in a distinctive manner, but also carols of other countries, ancient carols, and folk carols, some new and some old, all with the youthful message of Christmas.

The Illinois Youth Chorale was started over a year ago, in Mokena by Miss Sharon Connolly, its director, and a group of young people who had a love of fine music and the desire to sing.

The group was doubled in size when 20 talented musicians from Park Forest joined the Chorale six months later. Since that time, the Chorale has given numerous concerts throughout Will County and the Chicago area and has recently recorded a LP Christmas record. They

will be featured carolers in the Park Forest at Marshallfields Co. this year and will do a special Christmas Eve concert in the Oakbrook area.

Some of the Mokena members of the Chorale are: Billie Best, Dean Bressler, Marty DeVault, Duane Fant, Pam Fant, Gordon Holleman, Jim Kalkbrenner, Dave Mannell, Bruce Pachol, Kris Rauch, Dawn Richards, Joy Richards, Jan Shiek, Lisa Shoop, Mike Snyder and Jim Yarborough.

A record average of 182.5 pounds of meat (beef, veal, pork and lamb) was consumed by each person in the United States in 1968.

Lemont Cage Record Now At 2-2 Mark

By RUSS SANDBERG

LEMONT -- Lemont High School sports an even keel mark of two wins and two losses for the four varsity basketball games played to date on the 1969-70 docket.

The Indians got off to a good start by posting a home season opening 60-51 verdict over Grant Park, but then ran into a slight measure of trouble in the Thanksgiving round robin meet hosted by Benet Academy of Lisle on Friday and Saturday, Nov. 28, 29.

Coach John Jones' crew dropped an overtime 66-64 decision to Benet, but then

returned to edge Lisle High 52-47. Reavis then took Lemonts measure 52-42 in the tourney finale.

Forthcoming activity centers on the Northeast Conference opener at Marseilles on the evening of Friday, Dec. 5. The lid lifting frosh-soph affair has a 6:30 p.m. opening tip off time, while the varsity forces are scheduled to take over control of the court at 8 p.m.

Lemont will be shooting to improve upon a 1968-69 Northeast reading of 8-6, and a resulting third place finish in this evenly matched 8 team loop.

Senior guards Pierce

Spencer and Mike Hennebry were top offensive performers in the win over Grant Park, popping in 17 and 12 points respectively. A pair of 9 shooters were Mike Heinz and Steve Pociask. Rounding out the scoring column were Don Nelson (6), Dennis Bubinas (5) and Mark Forzley (2).

The Indians burst into an early 15-7 lead over the invading forces from Grant Park, and remained in complete command throughout the remainder of the ball game.

The Jones Boys presented a well balanced attack in the spine tingling loss to Benet,

as a total of 4 starters all registered in double figures.

Once again Spencer and Hennebry led the way with totals of 15 and 14 points, but close behind were Dennis Bubinas and Steve Pociask, who registered at 13 and 10 point levels. Also denting the scoring column were Don Nelson (6), Mike Heinz (2), Dick Pierce (2), John Schwer

(2). Lemont had a trio of ball players in deep foul trouble against Lisle, but fortunately from a local standpoint, all were able to weather the storm in this defense dominated contest.

Pierce Spencer and Mike

Hennebry each connected on 6 field goal attempts, with Pierce adding a pair of free throws to capture top team scoring honors. Steve Pociask, Dennis Bubinas and Mike Heinz meshed the nets for 10, 8 and 6 markers respectively. John Schwer added a 2 pointer to round out our scoring total.

Lemont - Grant Park varsity lineup:

Lemont (60) - Don Nelson (6), Pierce Spencer (17), Dennis Bubinas (5), Mike Hennebry (12), Mike Heinz (9), Steve Pociask (9), Dick Pierce, Mark Forzley (2), Dave Staudt, Jesse Gonzales, Al Brown, Tom

Schwer, Doug Johnson, Rich Hoffman, Greg McCoy.

Grant Park (51) - Kute-neiss (8), Mussman (10), Giger (5), Lamore (11), Langlois (4), Hoebet (13).

Juniors' Defeated At Home

LEMONT -- The Lemont High School frosh-soph basketball team dropped a 40-31 decision to Grant Park High in the team's home opener Wednesday eve, Nov. 26.

Coach Bob Voss' yearlings outshot their opponents 12-11 from the floor, but a cold .366 mark from the free throw line proved to be Lemont's undoing.

Actually, the locals were in contention throughout most of the ball game, but were unable to generate a scoring spark down the home stretch.

Roger Weber and Bill Benda shared team scoring honors, each chipping in with 9 points. John Dunn and Frank Basco were a pair of 3 shooters. Also entering their names in the scoring column were Al Bromberek, Bert Cattoni, Bob Rohder and Tracy Murphy.

Other squad members who saw game action were Bruce Hoster, Ken Sniegowski, Lauren Spradling, Ed Schultz, Jeff Kendzora, John Earnest, Mark Bowman.

Awards Given

LEMONT -- Awards were given to members of the Lemont Township High School football team at a recent banquet honoring the coaches and players for their fine season. The affair was sponsored by the Lemont Chamber of Commerce.

Letters were given to senior Fred Berndt, John Benda, Terry Dauenhauer, Rich Gendeman, Dennis Bubinas, Mike Hennebry, Hank Pierce, Lee Virtel, Mike Olinger, John Roth, Pierce Spencer, Mark Sniegowski and John Schwer.

Juniors receiving letters were Delbert Berndt, Don Boza, Jim Etzicorn, Ray Kluga, Mike Kennedy, Ken Hutchinson, Mark Forzley, Dick Pierce, Dan Zolecki, Harry Zarn, Jessie Gonzalez, Rich Hoffman, Pat Quinn and Steve Pociask.

A plaque was awarded Dick Pierce in recognition of being selected for an all-area team.

Barge Sinks, Will Reclaim

LEMONT -- A barge belonging to the Mechling Barge Lines of Joliet sunk in the Ship and Sanitary Canal near Willow Springs Sunday while it was in tow.

A U.S. Army Corps of Engineers spokesman said recovery operations were to start yesterday and would take until the end of the week.

There is no obstacle to navigation, the spokesman said. The barge sunk on the south edge of the canal, in front of the Publicker Chemical Co. docks at Archer Rd. and 101st St.

Providence Wins First Basketball Tournament

NEW LENOX -- The Celtics of Providence High School are happy this week. The basketball team won its first tournament last weekend when it beat West Chicago 48-44 to cop the West Chicago Thanksgiving invitational tourney.

The Providence quintet played under the direction of

Coach Pat Sullivan, who is starting his first year at the New Lenox school.

Sullivan was glad too. He thinks the win will give the boys more confidence. The Celtics made some mistakes and need some work to iron out some of the rough spots but Sullivan hopes to take

care of that, given a little time.

Providence reached the finals last Saturday night by beating St. Francis of Wheaton 59 to 50 in its opening game Friday.

The final game was a seesaw affair with the Celtics outscoring their opponents in each of the quarters except the second. Providence led 13 to 9 at the end of the first frame but counted only 10 points in the second quarter while West Chicago was scoring 16. That left Providence trailing 25-23 at the halftime.

The Celtics counted 10 times in the third frame which was one more than the host school could count and in the final quarter Providence had 15 points and West Chicago 10.

West Chicago led briefly in the second period and again in the third and fourth quarters. The Celtics were trailing 34-33 early in the fourth quarter. The lead changed hands several times in that period with Haase putting the Celtics ahead 45-40 with three points and a minute 44 seconds left on the clock. Carruthers added another bucket and there was a free toss to give Providence 48 points while holding their foes to four.

Third place in the tourney was won by St. Francis with a 78-59 triumph over Fenton.

Lincoln-Way Finishes 2d In Bloom Tourney

The Knights lost to Bloom in the first night of play last Wednesday but this was one of those double elimination affairs so Lincoln-Way had another chance and proceeded to make the most of it. The Knights whipped Marian Catholic in the next round and then beat Elgin Larkin Saturday night to wind up in second place. Bloom was the tourney winner.

The Lincoln-Way team, coached by Tom Lewis now has an overall 3-1 count for the new season.

The Knights lost to Bloom 60-56 and rallied in the second half of the cost with Marian to take that contest 65-64 in an overtime. L-W copped the final tourney game against Elgin Larkin 61-41 after a wobbly start.

"We've been a second half ball club so far," Coach Lewis said.

In the Elgin Larkin tilt Lincoln-Way was trailing 12 to 6 at the close of the first quarter and was still behind 22 to 16 with three minutes left in the second quarter when Greg Palka put two rebounds in.

Harold Webb added three and then Palka sunk another rebound so at half time the Knights led 26-22. Each team scored 11 points in the third frame but the Knights outscored the Elgins 24 to 8 in the last quarter.

On Friday night of this week the Knights will be hosts to Evergreen Park in a Southwest Suburban Conference opener.

General Store Revival

American pioneers shopped at the general store where food, clothing, barbed wire, as well as other necessities were purchases. Today we seem to be moving toward a general store concept! Twenty-three cents of every dollar spent in the supermarket goes for such nonfood items as household supplies, tobacco products, health and beauty aids, alcoholic beverages, soft drinks, pet products, housewares, clothing articles, reading materials and toys.

CHARLES F. NAU

Two Killed

LEMONT -- Two men were
killed early Saturday morning
in a collision on Interstate
55 west of the Lemont Rd.
interchange.

State police said an auto
driven by Wendall Starks,
43, of Dwight was going north
in the southbound lanes and
struck an auto driven by Ste-
phen Pollock, 21, of Joliet.
Pollock was southbound.

Nau To
'Day'Ad
Position

Charles F. Nau was
greeted by a bright new day
December 1, when he be-
came, advertising director
of Day Publications, pub-
lishers of four suburban
newspapers.

Welcoming Nau to subur-
ban journalism, John E.
Stanton, president of Day
Publications, said, "Since
our beginning in 1966, Day
Publications has become one
of the top ten publishers in
circulation in Illinois. Ad-
vertising has been an inte-
gral part of this growth and
Charles F. Nau with his back-
ground and experience in this
field will make a major con-
tribution to our continued
success."

Nau, formerly assistant
classified advertising man-
ager of the newspaper divi-
sion of Field Enterprises,
Inc., joined the Chicago Daily
News in 1955 as real estate
advertising supervisor.
Since then he has served in
the national food advertising
department and as sales
manager of rotogravure ad-
vertising.

Day Publications, a whol-
ly owned subsidiary of Field
Enterprises, Inc., began in
January, 1966, with publica-
tion of The Arlington Day,
followed in April by The
Prospect Day. The Des
Plaines Day was founded in
1968 and this year The
Northwest Day, serving 13
Chicago area suburban com-
munities, began publishing.

The four papers have a cir-
culation in excess of 60,000
and reach 90 per cent of the
homes in the area they serve.

Nau succeeds Robert C.
Smith, who has resigned to
go into business for him-
self. Nau and his wife Gloria
have three children and live
in La Grange Park, Illinois.
